

Our APNRL turn 11

Our Power Plant Adhunik Power & Natural Resources Limited (APNRL) Plant turned 10-year-old on 16th October 2023. On same date in the year, 2012 APNRL was inaugurated to become operational to serve the State and the Nation.

I AM blessed that I am a Doctor who serves to the humanity and working in the esteemed power plant of Jharkhand, Adhunik Power & Natural Resources Limited as Head of Medical Services department.

Head Medical Services Speak

Of course, first of all I would to extent my gratitude to 'Nav Urja' team for giving such an opportunity to share my thoughts.

I have joined APNRL in year 2019, very next year we had to encounter with a pandemic named COVID. I had gone through a very challenging period during that time but I was lucky that I found very supportive, cooperative and sharp team here at APNRL who rub my shoulder and helped me out to defeat this deadly pandemic. We prevailed as per our planning during this period.

The medical services team with the association with CSR team organized several philanthropic work for the ben-

efit of vicinity villagers. Our Company Adhunik Power & Natural Resources Limited have recognized many time for its work for the society and had been awarded by the Government of Jharkhand for our campaign against the Tuberculosis.

Our resolution to eradication of TB from the peripheral area is still going on and as many villagers are being benefitted with this campaign.

I have found real example of teamwork, positive attitude and respect of the superiors at here only. There are many things to mention here but I sum up by saying that APNRL is my second family. "Positive thinking is a valuable tool that can help you overcome obstacles, deal with pain, and reach new goals."

Thanking you so very much!

Dr. G P Murmu
