

Head Electrical speak

First of all, I wish Happy new year to all APNRL family members. We have entire new year & 365 days ahead filling with new opportunities, new energy and new hopes. Well, “Nav Urja” is the right medium to connect with you all members of APNRL family to share views and thoughts. I must say the world has changed drastically in the last two years and what we have witnessed weathered and passed through has transformed our perspective! However, we have managed to recover from the immediate impact of COVID-19. We will continue to innovate and drive success throughout our ecosystem today tomorrow and beyond. I am so glad that last month company had organized some awareness programmes for employees and contractor agencies for the betterment of their livelihood. APNRL had commemorated National Energy Conservation week and organized several health checkup camps. Employees tend to perform better when they know that there is a sense of meaning behind efforts at their workplace. Acknowledgement of their hard work can go a long way in motivating and boosting their productivity. The success mantra of any organization is teamwork and I must say APNRL believe in working in Team so let this good habit continue and keep on this spree on and on.

Thank you and all the very best!
